Brass Sponge

TOL-08964 ROHS ✓

★★★★★ 3

Description: This is a brass sponge that will help clean your soldering iron tip. Use it to remove residue from your iron tip before soldering. It cleans better than conventional sponges and will not damage your iron tip. Made of low abrasive brass shavings and requires no water. Works well as a replacement brass sponge for the Brass Sponge Base sold below.

This sponge is absolutely amazing! It completely rejuvenated my soldering iron tip. Absolutely worth the buy for \$3.

★★★★★ **MUST OWN**

Hands down most critical Soldering supply I own. I Really like a good iron, and I prefer good solder. But a wet sponge is such a pain, this is why I don't use the Weller's on Campus. Once you go brass you won't go back.
