MU050S150BQI511 (active)

MOONS' DALI Intelligent driver is ideal for stage, landscape, Architecture, Agriculture Lighting applications. Dimming two channels on the driver via DALI dimming equipment.

- Input voltage: 90-305Vac,140-388Vdc
- All-Around Protection: OVP, SCP, OTP
- Built-in active PFC function 0.95 Typ.
- Flicker-Free Dimming Across Wide Dimming Range(0.1% ~ 100%).

Recommended Options

Delivery & Packaging

Parameter	Unit	Value
Input Voltage	Vac	90-305
Frequence	Hz	47-63
Efficiency(Typical-120Vac)		87%
Efficiency(Typical-230Vac)		87%
Output Power	W	50
Driver Type		Constant Current
Output Voltage Range	V	8-55
Output Current Range	mA	150-1500
Dimming Mode		DALI
Auxiliary Power Supply		12V/150mA
Dimming Range		0.1%-100%
Approvals		UL
IP Rating		IP20
Number of Output Channels		2
Line Regulation		±1%
Ripple Current Percentage[(PK-AV)/AV]		Ripples 3 % (LF≤120HZ)
Operating temperature		-25 ~ +50°C
Surge Level		L,N-FG:±2.5KV L-N:±2.5KV
Mechanical Construct		Metal, Compact
Size	mm	130×76×30
Weight	kg	0.36

Recommended Options
