HARSH ENVIRONMENT CONNECTIVITY SOLUTIONS

NEW
S SERIES

SWITCHCRAFT QUALITY PLUGS WITH A SEALED HANDLE The most trusted plugs are now available in a waterproof, sealed version. The plug finger and cable clamp are the same as our industry-leading 35HD series, while the special overmolded handle protects from ingress of water and features a durable flex relief. Available with or without a locking collar, they are compatible with sealed or unsealed jacks from Switchcraft and most other manufacturers.

IP68
WATERPROOF
SEALED

Front and back are sealed to IP68 standards, protecting your cable from ingress of water in harsh environments

TRUE FLEX RELIEF

Flexible rubber on overmolded handle eliminates harsh bends and protects your cable from damage.

**SWITCHCRAFT
QUALITY**

Made in USA to the same exacting quality standards that have made Switchcraft the industry leader in plugs since 1946
