Super-Solid 13.500A extension socket with surge protection 8-way silver 2,5m H05VV-F 3G1,5

- Extremely sturdy extension socket protects valuable electrical equipment against dangerous surges.
- Protects expensive devices from overloads with a max. leakage current of up to 13.500A.
- Extremely sturdily constructed extension socket made from highly break-resistant polycarbonate.
- Special feature: cable output is fitted opposite the switch for easy use, e.g. when placed under a desk.
- The distance between the sockets allows the use of large charger units.
- Rubber pads prevent extension socket from slipping.
- With practical hanging facility.
- Illuminated 2-pole ON/OFF safety switch.
- 16 A fuse.
- Earthed sockets in a 45° arrangement, for angled plugs as well.
- With childproof sockets.
- In blister packaging.
- Cable length: 2,5 m
- Cable: H05VV-F 3G1,5
- Length appr.: 63 cm
- Sockets: 8
- Nominal current: 16 A
- Colour: Silver/Black
- Plug-in system: DE
