RS Stock No.: 464-9722

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From RS PRO, this non-fused terminal block presents a reliable and cost-effective solution to wire-to-wire connections. The terminal block is direct-mount and so does not require the use of a DIN Rail to mount. Instead, it features two mounting screws that allow mounting to any surface. This nylon terminal block can easily be cut to a required length, allowing for a highly customizable connector solution.
